## Ramco wins American Contract

Ramco has been successful in winning a seven year disposal contract with the US Department of Defence to dispose of millions of dollars worth of equipment. Since the mid nineties Ramco has been handling the sale of surplus assets from US bases in the UK. Equipment ranges from plant and machinery to vehicle spares and medical equipment. Ramco's Managing Director Neil Sanderson commented *"This further cements our relationship with a valued customer – so we must be getting something right"*!

Over the years Ramco has built a large database of buyers specialising in ex US military equipment, although there is always room for more. The type and volume of equipment can vary tremendously although most of what's available can be found via [www.ramco.co.uk](http://www.ramco.co.uk) or by calling the sales team directly on 01754 880880.
